

FEBRUARY 29, 2024 NEWSLETTER

“May the God of hope fill you with all joy and peace in believing, so that by the power of the Holy Spirit you may abound in hope.”

—Romans 15:13

February was so hot, and this chronic heat caused a lot of distruction to plants and peoples livelihoods.

In all this we refused to be distracted, we remained focused and trusting The Lord. Thank God for The Holy Spirit, He comforted us.

GOOD NEWS

GREEN GARDEN IN A SEVERE DROUGHT. THIS IS A MIRACLE!

Even though Zimbabwe as a country is facing severe drought our wells we dug some 2 years ago, are not getting dry from the heat. Water keeps appearing.

There is plenty of water for us to water our plants. Every morning we wake up our wells will be full to the bream. It only be God.

We use these vegetables to feed our clients, and also as part of our project.

This reminds us about Isaac when he reaped a hundred fold during a severe drought. (Genesis 26:1-5) Praise The Lord.

We also thank The Lord for being able to give out food humpers

during this difficult time of Drought. We also give them eggs, beans, flour and sugar.

A gigantic thank you to our friends and partners, for helping us put food on people' tables. Halleluya!

75% of our clients are from the least privileged areas, (very poor areas) There is a lot of teenage pregnancies, abortion minded, abortions, drug abuse and a lot prostitution.

Praise The Lord, People are being introduced to The Good News, The Word of God, and receiving Christ as their Lord and Saviour.

Pregnancy Centre

SALVATION

In February 10 people gave their lives to Christ, and a lot more had the great opportunity to hear The word of God...Haleluya.

PROJECTS

Our Chickens (Egg Layers) are doing very well, giving us about 120 eggs per day. This is an income generating project.

We are praying that we increase our produce to $x\ 3 = 360$ per day, that would be so good for us as an organization. Amen!

NEW BABIES (CHOOSING LIFE)

In February we had 5 babies born from mothers who chose life than abortion. Future generation.

We thank The Lord for these 5 precious lives saved. Amen!

CHALLENGES

For the past 4 months we are being faced with a situation, where a big number of pregnant mothers come to us asking for maternity fees. (\$25) per person, which we are failing to give due to insufficient funds.

An organization that used to help these women left Zimbabwe, hence the situation facing us now. It brings tears to my eyes to see that as an organization we are not able to help them due to lack of enough funds. We are believing The Lord for more funding to help with this situation.

We continue to pray for a Truck Van to reach more areas.

The roads, as we always say are so bad. We continue to Trust The Lord for a miracle.

A VERY BIG
Thank You!

for the continued Support and love from all our Partners and friends.
