

MARCH 31, 2024 NEWSLETTER

Those who Trust in the
Lord will find new strength.
They will soar high on
wings like eagles...

ISAIAH 40:31

Shallom to everyone, we thank The Lord for the new month of April. We trust The Lord for new strength and new Ideas. Since the beginning of January till March, Zimbabwe as a whole was under a heat wave. Zimbabwe is facing draught, but in all this we choose to look up to The Lord, who is our Source.

GOOD NEWS A MIRACLE FROM THE LORD

Even in the worst heat that Zimbabwe faced, at Bernadette Wings of Hope, we continued to see the great hand of God. Our Crops are good and all green.

Last year we dug 4 wells, and all are full of water amazing!

We managed to water all our crops. Everyone including our selves are amazed with this Grace from The Lord.

Everyone else's crops in our area and other places dried up, ours survived. We have enough vegetables for our Clients and even to sell to our neighbours

There has been a lot of power cuts. Electricity being switched

off by the Council, our Centre is enjoying The Solar that we were blessed with with one of our Donors.

When it's dark and electricity is off, the only place with Light is Bernadette Wings of Hope offices. Praise The Lord!

HOSPITAL MATERNITY VISITS

On one of our Monday visits, to The Main City Hospital Maternity Ward, our staff were shown a baby that had been abandoned by its mother.

This baby had been in the hospital for two months, with no one visiting her or giving her "The Love" she also wanted for example mother's love.

Pregnancy Centre

Our staff were shown The baby by hospital staff and one staff member picked her up from bed and prayed for the little one.

They then blessed her with new clothes, and also love. We know The baby did not understand all what happened, besides being lifted up from the bed, but King Jesus understood all what happened that day.

Visiting Hospitals also gives us the opportunity to minister the Word to women on the wards and also to the staff members, thus Nurses and other hospital staff.

CLIENT NUMBER INCREASE

Word of mouth and also the distribution of printed fliers gets our message out to the communities.

Our Pastors, Pastor Gift Chikoto, Pastor Calton Mapira and other staff member, are doing a great job.

We are now known as The Hope people. We Love introducing the Goodnews, the Word of God to everyone.

Women come to us scared, rejected, confused, feeling condemned, feeling unloved, the list goes on. We Listen to them, and introduce The Hope and the Love of our Lord Jesus Christ.

TESTIMONY

On one of our Hospital visits in March, 2024, a lady saw B.W.O.H. staff giving out fliers.

She asked if any of our staff could buy her set of sofas at a give away price. She wanted to pay school fees for her child, so she needed this money desperately.

None of the staff wanted the sofas, but they offered to pray for her. They prayed a prayer of agreement, and she went away after they had given her our office number.

The following day she called to testify. She said that, as soon as she arrived home that day, a

person that owed her some money, and had been difficult to pay her back, had come to pay all she owed her. The Power of prayer.

WE ARE BELIEVING FOR:

1. We believe this year we will win more Souls to Christ
2. We are believing for more funding, as the number of Clients is increasing.
3. We believe that our Truck for the Centre will come this year, 2024.
4. We believe we will not turn away any pregnant women in need of maternity fees (\$25 each) due to lack of funds.
5. More unborn babies will be saved because, the mothers will reach out to us. We will be able to reach those that are unable to come to us for various reasons.

A very Big Thank You to all our Donors, Partners and Friends for your love and Support. Your blessing us is making it possible for us to bless others.
